Subject: thursday evening conference call

Beth: at around 3pm on Thursday you will contact the following and invite them to participate in a conference call with me that evening at 8:30pm to discuss Hudson River PCBs. If they ask, tell them it is for me to personally brief the groups on the status of the project. please give them the call in number and ask them to confirm. we prefer one person per organization. then, give me the call in number, including the leader number. i will likely call in from home.

walter, can you join me on the call at 8:45pm? I want to do the first 15 minutes alone with them and then ask you to answer any of their technical questions. you will also need the call in number. thanks

beth, if you don't personally speak to each of the 4 people, then email them.

ned sullivan, scenic hudson
larry levine, natural resources defense council, 347 278 3138 cell 212 727 4548 office
manna jo green, clearwater
rebecca troutman, riverkeeper, 914 393 6280 (cell)
